

Bulletin No: 01

WW/L/23/12/01/01

COLOR: **Amber**

## **Advisory for Heavy Rain and Strong winds**

Issued by the Natural Hazards Early Warning Centre

Issued at 10.00 a.m. 01 December 2023, valid from 10.00 a.m. 01 December 2023 to 10.00 a.m. 02 December 2023.

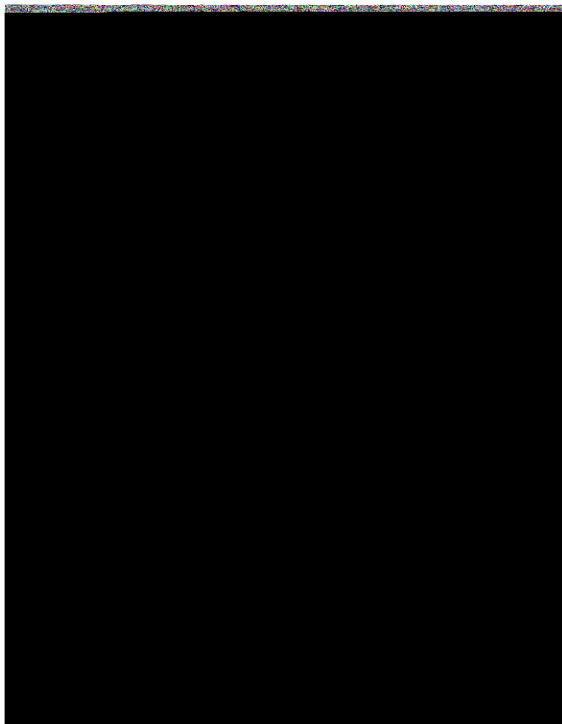

**For Northern, Northcentral, Eastern and Northwestern provinces**

### **PLEASE BE AWARE!**

The low-pressure area over the southeast Bay of Bengal has developed in to a depression. It is likely to intensify into a deep depression by 02 December 2023 and it will further develop in to a cyclonic storm by 03 December 2023. This system is likely to move west-northwestwards closer to northern coast of Sri Lanka towards North Tamil Nadu coast.

Under the influence of the above system, showery and windy weather can be expected in Northern and Northcentral provinces and in Trincomalee and Batticaloa districts. Heavy showers above 100 mm are likely at some places in the above areas.

Strong winds about (40-50) kmph can be expected at times over the Northern, Northcentral and Northwestern provinces and in Trincomalee and Batticaloa districts.
